Central Carolina Community College presents: Brown vs. Board of Education: Over 50 years Later

In 1952, the Supreme Court heard a number of school segregation cases, including Brown vs. Board of Education of Topeka, Kansas. It ruled unanimously in 1954 that segregation was unconstitutional, overthrowing Plessy vs. Ferguson (1896) that had set the "separate but equal" precedent. A tour de force that encapsulates the high impact ruling for desegregating schools.

Light refreshments will be served by the Natural Chef Culinary program following the production.
