

# No child should go hungry over the weekend!

In an effort to help ensure children do not go hungry when school is closed for the weekend, CCCC is collaborating with **Communities in School of Chatham and Lee County along with Buddy Backpacks of Harnett County**. This partnership will provide weekend backpacks stuffed with kid friendly non-perishable items. To help support their efforts a food drive will take place campus wide during the month of **October**.

**If you would like to help please consider donating kid friendly, non-perishable food items like:**
