slate

DID YOU KNOW...

ALERTS!

Alerts are live in slate! Slate generates alerts (and faculty and staff are encouraged to raise them) to identify students who may need extra support or follow-up from our CCCC staff. Alerts will automatically close after two weeks. Notifications will go to the advisor and Education Navigator. Students will be included in automated alert communications.

CURRENT GRADES AND LAST ACCESS INFORMATION

Under the "Student" tab, you can view a student schedule, advising information, program history, course history, test scores and more! The newest addition? GRADES and LAST ACCESS are now available!

COMMUNICATION

Not only are students receiving automated communications in Slate but there are personalized web pages (such as the Student Success Hub) that also house helpful information!

Faculty/staff can also email their class, advisees or individual students directly from Slate.
