PROGRAM INFORMATION

The Barbering program at Central Carolina Community College was the first program of its kind in the North Carolina Community College system. Instruction is a combination of theory and hands-on training. Students will build their educational foundation with classroom work and then apply their acquired skills in a simulated environment. CCCC's certified instructors will teach students the fundamentals of hair care, shampooing, cutting and styling, along with instructional components in shaving, beard and mustache trimming and cutting, facial massage, hair treatments, hygiene, and professional ethics. Advanced classes will cover coloring, hairpieces, and scalp treatments.
