PHASE 3: OFFICAL ACCEPTANCE INFORMATION

Students must have the appropriate information on file in order to officially begin the Health Science program.

A. MANDATORY PROGRAM ORIENTATION

Students are required to attend a mandatory orientation session for their Health Science program. The orientation covers important information about the program and provides explanations and/or deadlines for the items listed below.

B. STUDENT HEALTH FORM

This form must be completed by a physician and submitted to the appropriate designated staff 30 days prior to the first semester.

Received By: _____

Date Received: _____

C. CRIMINAL BACKGROUND CHECK AND DRUG SCREENING

A criminal background check and drug screening will be required for all accepted Health Sciences students prior to clinical rotations or work based learning. Clinical affiliates will review criminal background reports and drug screenings of students and reserve the right to accept or deny any students based on their consideration of these reports. Negative reports and/or failed screenings can preclude a student from attending the clinical portion of their prescribed program and thus, will result in the student's exit from the program. Students are subject to drug screening at any time during a clinical rotation. These are to be submitted 30 days prior to clinical rotations/work based learning.

Received By: _____

Date Received: _____

D. BLS PROVIDER CPR CERTIFICATION

American Heart Association BLS Provider CPR is required prior to clinical rotations for all Health Sciences programs, except Veterinary Medical Technology and Health & Fitness Science. No student will be able to attend clinical rotation without proof of completion and current American Heart Association BLS Provider CPR. Students are responsible for keeping CPR current through the duration of the program. Proof of active CPR is to be submitted 30 days prior to clinical rotation.

Received By: _____

Date Received: _____

E. IMMUNIZATIONS

Health Sciences students must provide evidence of immunizations. Required immunizations are listed on the health form and need to be submitted 30 days prior to the first semester. Please note the following:

Dental Assisting and Dental Hygiene: The Hepatitis B series is recommended prior to the start of the first semester.

Veterinary Medical Technology: Rabies series is recommended prior to the start of the first semester.

Received By: _____

Date Received: _____

F. TRANSPORTATION

Health Sciences students are responsible for their own transportation to off-campus clinical/learning sites.

G. ADDITIONAL CLASS AND COURSE MATERIALS

Materials other than textbooks will be required and are purchased at the student's expense.

H. TECHNICAL STANDARDS & DISABILITY STATEMENT

The Health Sciences programs are physically demanding. Students will be expected to perform lifting, pushing, pulling, and carrying tasks to successfully practice in a lab setting, complete clinical affiliations, and safely treat patients. For more details, please refer to each program of study's physical requirements and technical standards. The College has a legal obligation to provide appropriate accommodations for students with documented disabilities. If you have a disability and are seeking accommodations, you should contact the Special Populations Department. Student should initiate this process as soon as possible (prior to the start of classes).

I. ACADEMIC STANDARDS

Upon official acceptance, Health Sciences students are required to maintain the necessary GPA requirements for entry. Students cannot enter a Health Sciences program while on academic suspension. Health Sciences students must achieve a grade of "C" or higher in their Health Science courses. Students may withdraw or be withdrawn from a Health Sciences course. However, the student will not be allowed to matriculate through their program of study. Reapplication to the program will be required and readmission will be awarded based on admissions criteria completion, policy on readmission, and space availability. Students completing readmission must meet with the Admissions Counselor to review their file.

I understand the above statements as well as the phases of the admissions process.
