Adding a Content Area Button

1. Click + sign above your course menu.
2. When the drop down menu appears, click Create Content Area.
3. An Add Content Area box appears.
4. In the text box next to Name, type your desired button name.
5. If you would like all users to be able to see your new button, click the check box next to Available to Users.
6. Click Submit.
7. Your new button should now appear in your course menu.
