Automotive Restoration Training
Do you have an antique car, muscle car, or just a project car that you want to restore but don’t have the shop and tools to do the job? If so, you might be interested in the automotive restoration class at the ESTC. Automotive Restoration covers the basic skills applicable to automobile restoration, street rod, and custom car building as well as commercial auto body repair. Skills covered include dent removal, repairing rust damage, use of body filler, metal and fiberglass repair, basic wire and oxy-acetylene, fabricating and installing patch panels, trim removal, and installation as well as other skills fundamental to the auto repair industry. Students are required to supply all necessary hand tools for their projects; CCCC will provide the major auto body tools, including air tools as well as supplies such as sandpaper. Students must supply their own body filler, primer, and paint. For additional information and schedules of upcoming classes, contact the ESTC at (919) 776-5601 or (919) 777-7779.

Emergency Medical Technician Training
The Emergency Services Training Center offers the following EMT classes throughout the calendar year: Medical Responder (MR), Emergency Medical Dispatch (EMD), Emergency Medical Technician (EMT), Emergency Medical Technician-Intermediate (EMT-I), and Emergency Medical Technician-Paramedic (EMT-P). All of the EMS classes are approved by the North Carolina Office of EMS and qualify the student for the OEMS state certification exam. Call Jerry Cornelison at the ESTC at (919) 777-7776 for additional class information, including dates and times.
Motorcycle Safety Training
Basic Rider Course (BRC) is designed for students who want to learn to ride a motorcycle and for re-entry riders who have not ridden in a long time. BRC students will ride motorcycles provided by the college. The BRC class meets on Friday 6:00P to 10:00P, Saturday and Sunday 8:00A to 6:00P, and 100% attendance is required. BRC graduates receive an exemption from the NC DMV riding exam when applying for a motorcycle license. Most insurance companies now offer discounts for BRC graduates.

The motorcycle safety classes are offered at the CCCC Emergency Services Training Center (ESTC). The ESTC is located off Hwy 78 between Sanford and Tramway on Airport Rd. at the Old Sanford/Lee County Airport site. Classes are limited to 12 students and are filled on a first-come basis. Pre-registration and pre-payment are required! To pre-register by credit card, please call (919) 776-5601. To pre-register in person, please go to the Emergency Services Training Center at 3000 Airport Rd. The class registration fee is $110.00. There is a 48 hr. minimum cancellation notice in order to receive a fee refund.
