Activities: 9:45 a.m. – 11:30 a.m.
Laser lab tours
Hands-on optics experiments
Engrave keychain using laser

Conclusion: 11:30 a.m. – Noon
Laser beam alignment contest
Discuss career options
Evaluate workshop

CCCC will host a “High Tech / High Touch” workshop that will serve to expose students to laser and fiber optics technology in a format that is fun and informative. During the workshop, participants will do “hands-on” technology activities together with a parent or adult mentor. Laser and Photonics Technology students, alumni, faculty, and industry representatives will provide instruction for this event.

To reserve a space, call Wrenn Crowe at (919) 718-7443 or email wcrowe@cccc.edu.

For each camp the fun begins at 9:00 a.m. and continues until 12:00 p.m. with a break. A snack will be provided during the morning. Each participant will need to be accompanied by their parent or a guardian.
