Pre-Major Associate in Science Degrees

The Comprehensive Articulation Agreement (CAA) addresses the transfer of students between institutions in the North Carolina Community Colleges System (NCCCS) and from that system to constituent institutions of the University of North Carolina (UNC). This Comprehensive Agreement was developed jointly by faculty and administrators of the NCCCS and UNC System based on the proposed transfer plan approved by both governing boards in February 1996. The CAA applies to all North Carolina community colleges and all constituent institutions of the University of North Carolina.

Listed below are the specific guidelines of the Joint Transfer Agreements approved by the University of North Carolina System and the North Carolina Community College System: (Effective Fall 1997)

1. The AA and the AS Degree programs will require a total of 64-65 semester hours credit for graduation. Students who complete the requirements for the AA and/or the AS Degree may apply for admission as juniors to any of the 16 universities of the UNC system.
2. Within the overall total, the NC Community College System and the UNC System have developed a 44 semester credit general education core transfer component that will transfer as a block to any of the 16 universities in the UNC System. This core is intended to satisfy the institution-wide lower division general education requirements for the Baccalaureate Degree.
3. Students who do not complete the AA and/or the AS Degree but who do complete any or all of the 44 general education core will receive transfer credit for any or all of these approved courses.
4. Students must meet the same requirements set for native students in that university with respect to such things as grade point average and credit hours accumulated including a minimum of a 2.0 GPA and a "C" or better on all courses transferred.
5. Admission to a university will not constitute admission to a professional school or to a specific program.
6. Requirements for admission to some major programs may require additional pre-specialty courses beyond the general education transfer core courses taken at the community college.
7. Courses which do not originate at the community college and which are not listed on the approved college transfer course lists will be evaluated on an individual basis by the receiving university. Transfer credit may or may not be granted for these courses, according to the policies of the receiving institution.

Important Note:

Students who plan to transfer any degree or credits listed in this section should discuss their transfer plan with a representative from the receiving institution.

* Students must meet the receiving university's foreign language and/or health and physical education requirements, if applicable, prior to or after transfer to the senior institution.

** Selected Universities (Must contact receiving institution.)

NOTE:

If a student completed the ENG 111 requirement at an institution that does not require four semester hours of first-level English, the fourth hour is waived and the student may graduate with 64 semester hours total credit. Conversely, if a student is required to take ENG 111A at an institution that does require four semester hours of first-level English (as does Central Carolina Community College), that student must complete 65 semester hours total credit to graduate.
