Comprehensive Articulation Agreement
North Carolina Community College System
University of North Carolina System**

The Comprehensive Articulation Agreement (CAA) addresses the transfer of students between institutions in the North Carolina Community Colleges System (NCCCS) and from that system to constituent institutions of the University of North Carolina (UNC). This Comprehensive Agreement was jointly developed by faculty and administrators of the NCCCS and UNC System based on the proposed transfer plan approved by both governing boards in February 1996. The CAA applies to all North Carolina community colleges and all constituent institutions of the University of North Carolina.

Listed below are the specific guidelines of the Joint Transfer Agreements approved by the University of North Carolina System and the North Carolina Community College System: (Effective Fall 1997)

1. The AA and the AS Degree programs require a total of 64-65 semester hours credit for graduation. Students who complete the requirements for the AA and/or the AS Degree may apply for admission as juniors to any of the 16 universities of the UNC system.
2. Within the overall total, the NC Community College System and the UNC System have developed a 44 semester credit general education core transfer component that will transfer as a block to any of the 16 universities in the UNC System. This core is intended to satisfy the institution-wide lower division general education requirements for the Baccalaureate Degree.
3. Students who do not complete the AA and/or the AS Degree but who do complete any or all of the 44 semester credit general education core will receive transfer credit for any or all of these approved courses.
4. Students must meet the same requirements set for native students in that university with regard to such things as grade point average and credit hours accumulated including a minimum of a 2.0 GPA and a "C" or better on all courses transferred.
5. Admission to a university will not constitute admission to a professional school or to a specific program.
6. Requirements for admission to some major programs may require additional pre-specialty courses beyond the general education transfer core courses taken at the community college.
7. Courses which do not originate at the community college and which are not listed on the approved college transfer course lists will be evaluated on an individual basis by the receiving university. Transfer credit may or may not be granted for these courses, according to the policies of the receiving institution.

Transfer Assured Admissions Policy (TAAP)

The Comprehensive Articulation Agreement (CAA) addresses the admission of community college graduates to UNC institutions and the transfer of credits between institutions within the North Carolina Community College System and institutions within the University of North Carolina.

The CAA assures admission to one of the 16 UNC institutions with the following stipulations:

Admission is not assured to a specific campus or specific program or major.

Students must have graduated from a North Carolina Community College with an associate in arts or an associate in science degree.

Students must meet all requirements of the Comprehensive Articulation Agreement.

A student must have an overall GPA of at least 2.0 on a 4.0 scale, as calculated by the college from which he or she graduated, and a grade of "C" or better in all CAA courses.

Students must be academically eligible for re-admission to the last institution attended.

Students must meet judicial requirements of the institution to which the student applies.

Students must meet all application requirements at the receiving institution including the submission of all required documentation by stated deadlines.

Important Note: Students who plan to transfer any degree or credits listed in this section should discuss their transfer plan with a representative from the receiving institution.
