For a current list of all Emergency Services Training Center courses, visit: www.cccc.edu/estc

Emergency Medical Services
Ongoing enrollment. The EMS program at CCCC and its Emergency Services Training Center provides critical training for emergency care responders. Both Continuing Education and certificate programs are available. EMS Continuing Education classes are conducted at ESTC and various emergency medical services agencies, rescue, and fire departments in Chatham, Harnett, and Lee counties. Certificate programs offered include: Medical Responder (MR), Emergency Medical Technician (EMT), EMT – Intermediate (EMT-I), Paramedic (EMT-P). For more information, call Jerry Cornelison, EMS Coordinator at (919) 777-7776 or email jcornelison@cccc.edu.

Firefighter Academy
Full-time program. The Emergency Services Training Center offers a full-time firefighter academy each year for individuals who wish to attain the skills necessary for employment as a firefighter. The academy is a rigorous and challenging course of study consisting of 1,000 plus hours. The academy starts each year in July. For information on firefighting classes, technical rescue classes, or the FFTA, call Ricky Poole, the Fire/Rescue Training Coordinator at (919) 777-7778 or email rpoole@cccc.edu.

Firefighting and Rescue Training
Ongoing enrollment. CCCC and the Emergency Services Training Center provide training for firefighters and rescue workers. Classes are tailored to each fire or rescue department's needs in order to help them perform their duties more efficiently and safely. Specialized classes are held throughout the year at the Emergency Services Training Center and various fire departments throughout Chatham, Harnett, and Lee counties. Students earn Continuing Education Units (CEU) credit for each class they complete. NC fire and rescue department members are exempt from course registration fees. Books and supplies are not included. For information on firefighting classes, technical rescue classes, or the FFTA, call the Fire/Rescue Training Coordinator, Ricky Poole at (919) 777-7778 or email rpoole@cccc.edu.

Law Enforcement Training
Ongoing enrollment. ESTC's Law Enforcement Training Department is committed to offering the law enforcement community timely, relevant, and professional training tailored to meet the requirements of those agencies and commensurate with established mandates of the Sheriff's Commission and the North Carolina Training and Standards Commission. State-certified law enforcement instructors teach all Law Enforcement classes. Law Enforcement continuing education classes are offered throughout the year at the ESTC, CCCC campuses, and the local agencies. Law Enforcement classes are open only to members of law enforcement agencies. North Carolina sworn law enforcement officers are exempt from course registration fees. For more information, call Larry Foster, Law Enforcement Coordinator at (919) 777-7772 or email lfoster@cccc.edu.

Motorcycle Safety Education Program
Current programs offered by CCCC and the Motorcycle Safety Foundation at the Emergency Services Training Center include: Basic Rider Course and the Three Wheel Basic Rider Course. For registration information, call the Student Support Center at (919) 718-7500.

Basic Motorcycle Rider Safety
This course is designed for students who want to learn to ride a motorcycle and for re-entry riders who have not ridden in a long time. BRC students will ride motorcycles provided by the college. BRC graduates receive an exemption from the NC DMV riding exam when applying for a motorcycle license. Registration may be completed on-line at www.cccc.edu or by contacting the Student Support Center at (919) 718-7500.

The following courses are scheduled on an as-needed basis:

3-Wheel Motorcycle Rider Safety
The 3-wheel motorcycle training and education course is a basic learn-to-ride course. It provides the same fundamental skills as the MSF BRC, but on three wheels. The course consists of both classroom and hands-on instruction. Upon completion and passing both the written and riding skill evaluations, students will receive the DMV Waiver Card.

Experienced Rider Course (ERC/BRC2)
The ERC is a one-day course to help hone those riding skills and fine-tune the mental skills needed to survive in today’s traffic conditions. This course covers street riding strategies and reinforces important information about traction, cornering and counter-steering. Graduates of the ERC will receive the DMV skills waiver card.

Advanced Rider Course (ARC)
Further develop personal riding strategies to minimize risk. Emphasis is on Search-Evaluate-Execute. This one-day course is for experienced riders and focuses on the behavioral aspects of riding such as attitude, personal risk, assessment braking, cornering techniques, and traction management.
