

**Central Carolina Community College
Fee Listing 2018-2019**

The State Board of Community Colleges established a policy on July 19, 2002 allowing local boards to set fees to help offset costs of programming in which supplies and associated costs are higher than normal. The local board is to set fees and review and approve fees on an annual basis. Our board has delegated to the President the responsibility for establishing new fees on an interim basis when needed and to bring these items to the board for annual review.

Special fees fall into four categories:

1. System-wide fees (which can only be approved at the state level)
2. Student activity fees
3. Parking/security fees
4. Specific fees (consumable expenditures, patron fees)

CCCC has in place one system-wide fee, a series of specific fees and a student activity fee.

Cosmetology, Barbering, and Esthetics Special Fee Items

- At the discretion of the Department Chair and with Dean approval, the Board of Trustees allows flexibility to offer special pricing or gift certificates for community events, college networking and to recruit clients for the clinic. Pricing would cover the cost of professional products utilized for the services rendered.
 - Rationale— Students are required by State Board and the College to complete a specific number of services to successfully complete each program. Offering services at a reduced rate will help ensure our salon has an adequate number of patrons to allow students to get their required services.

- At the discretion of the Department Chair and with Dean approval, the Board of Trustees allows free services for community organizations such as nursing homes, Boys and Girls Club, and similar organizations. One community organization would be allowed per semester for each of the Barbering, Cosmetology and Esthetics programs to offer basic Haircuts, Facials and Manicures free of charge.
 - Rationale— Students are required by State Board and the College to complete a specific number of services to successfully complete each program. Offering services at a reduced rate will help students to achieve this requirement. This also is a public service to the community. This is a win-win-win proposition—good for the students, the college and the community we serve.

- The Board of Trustees allows instructors and students of the Barbering, Cosmetology and Esthetics Programs to receive services from any of the three programs at a reduced charge. Students and instructors would receive free basic services and ½ off of chemical and advanced services. The basic services are indicated on each program price list with one symbol above the service column or next to the service (comb & shears or leaf) and the chemical/advanced services are indicated with two symbols (comb & shears or leaf).
 - Rationale— Students are required by State Board and the College to complete a specific number of services to successfully complete each program. Offering services at a reduced rate will help students to achieve this requirement.

- For the esthetics students, the Board of Trustees allows each student to receive free vouchers that can be used for services on any clients. Each student would receive 40 vouchers (10 for Microdermabrasion, 10 for Chemical Peels, 10 for European O2 Facials and 10 for Microcurrent Facials). Vouchers would be non-transferable and would expire at the end of the program for each student. Vouchers would be invalidated if a student withdraws from the program. Use of the vouchers would be monitored, managed and recorded the full-time esthetics instructor.
 - Rationale— Students are required by State Board and the College to complete a specific number of services to successfully complete the program. In Esthetics, some of these services (\$26.00 - \$65.00 per treatment) are cost prohibitive for clients and even students at the ½ off pricing. Giving students vouchers will ensure they are able to complete the minimum required performances and qualify to sit for the State Board exam. Otherwise, cost could be a barrier to learning and success.

- The Board of Trustees allows the following special pricing for Barbering, Cosmetology and Esthetics Department employees and students to be used outside of the voucher system:
 - Basic Oxygen Facial-\$12
 - European O2 Facial-\$15
 - Microdermabrasion-\$15
 - Oxygen Microdermabrasion -\$20
- Rationale—the prices for advanced treatments within the Esthetics Department are much higher than those of the Cosmetology and Barbering Programs (due to the equipment and product used). The voucher system ensures students are able to perform the minimum services required by the State Board. This special pricing allows students to get additional practice needed to be proficient and instill confidence. The Special Pricing does cover the cost of professional products utilized for the services rendered and equipment usage.
