D3302 9 Hrs 9/14 - 9/30 T Th 7:05PM - 8:35PM DECO Distance, Rm. DECO L. Batchelor \$70.00

## Culinary Arts & Hospitality

### Supper Club - Cooking at Home

Sunday Supper Club provides an opportunity for people to learn cooking skills right in their own kitchen. Each week, students will log in with a set grocery list and learn techniques as they cook a delightful dinner. The informal class will introduce exciting new techniques, essential equipment for home kitchens, ingredient staples and basic pantry items used by professional chefs. We will up your Sunday, or any day of the week, supper game.

D3062 25 Hrs 8/29 - 11/07 Su 4:00PM - 6:30PM DECO Distance, Rm. DECO C. Reding \$121.60

## Government Regulations

### Physical/Chemical Operator II

This course provides general knowledge of the operation of physical/chemical wastewater treatment systems. Focusing on the Grade II Needs to Know manual students will learn about chemical treatment processes, Chlorination/Dechlorination and Ultraviolet Disinfection, pH Adjustment/Neutralization, Industrial Waste Treatment, Reverse Osmosis, etc. This course prepares students for the NC Department of Environmental Quality Certification Examination for Physical/Chemical Grade II. Textbooks required; call for details.

D3679 18 Hrs 11/01 - 11/05 M W 8:00AM - 4:00PM DECO Distance, Rm. DECO A. Grenier \$71.60

F 8:00AM - 12:00PM

### Wastewater Lab Analyst II Exam Prep

This course assists students in preparing for the Wastewater Laboratory Analysis Class II written examination, administered by the American Water Works Association (NC AWWA) and The North Carolina Member Association of the Water Environment Federation (NC WEA). As defined by the NC Certification Board, persons must have three years (regardless of education) wastewater laboratory experience to sit for the exam.

D3682 18 Hrs 9/13 - 9/17 M W 8:00AM - 4:00PM DECO Distance, Rm. DECO A. Grenier \$71.60

F 8:00AM - 12:00PM

### Wastewater Operator I Training

This course provides a general knowledge of the operation of wastewater treatment systems. In addition to related laws and regulations, students will learn about the equipment used in plants and sampling procedures. This course prepares students for the NC Water Pollution Control System Operator (I) Certification Commission Examination. Textbooks are required. Call for details.

D3689 35 Hrs 8/16 - 8/20 M T W 8:00AM - 4:00PM DECO Distance, Rm. DECO A. Grenier \$126.60

Th F

### Wastewater Operator II Training

This course provides a general knowledge of the operation of wastewater treatment systems. Students will learn about general mechanical and maintenance requirements, activated sludge, solids disposal, and lab procedures. This course prepares students for the NC Water Pollution Control system Operator (II) Certification Commission Examination. Prerequisite: Wastewater Operator I. A textbook is required.

D3683 40 Hrs 8/30 - 9/03 M T W 8:00AM - 5:00PM DECO Distance, Rm. DECO A. Grenier \$126.60

Th F

### Wastewater Operator III

This course provides a general knowledge of the operation of wastewater treatment systems. Students will learn about general mechanical and maintenance requirements, activated sludge, solids disposal, and lab procedures. This course prepares students for the NC Water Pollution Control System Operators Certification Commission Examination. Textbooks are required. Call for details.

Prerequisite: WAT-3100W3 Wastewater Operator II

## Cosmetic Arts

### Barbering I

This course is designed to provide the necessary skills to meet the instructional requirements to become a registered barber as established by the NC Board of Barber Examiners. This is a parallel course to BAR-111,112 - Barbering and is completed in a curriculum environment. A textbook, uniform and barbering kit are required.

H3773	448 Hrs	8/16 - 12/14	M T W Th	10:00AM - 5:30PM	DCTR	Barbering, Rm. 0108	S. Harper	\$191.60
-------	---------	--------------	----------	------------------	------	---------------------	-----------	----------

## Barbering II

This course covers more comprehensive barbering concepts. Topics include safety and sanitation, product knowledge, draping, shampooing, haircutting, and hair drying as well as chemical processing, as well as both wet and thermal hairstyling. This course provides experience in a simulated shop setting. Upon completion, students should be able to safely and competently apply these barbering concepts in a shop setting. This is a parallel course to BAR 113 and BAR 114 and is offered in a curriculum environment. Pre-requisite: BAR-3100B1, Barbering I. A textbook, uniform and barbering kit are required.

H3775 368 Hrs 8/16 - 12/14 M 10:00AM - 12:00PM DCTR Barbering, Rm. 0110 A. McCullers \$191.60  
T W Th 10:00AM - 5:30PM

## Barbering IV

This course covers advanced Barbering Concepts and an advanced experience in a simulated shop. Topics include hair color, advanced hair cutting techniques, hair styling, shaving, skin care, retailing and preparing for a job interview. Upon completion students should be able to demonstrate an understanding of these barbering concepts and meet program completion requirements. This is a parallel course to Barbering Concepts IV-BAR-117 and Barbering Clinic BAR-118 offered in a curriculum environment. A textbook, uniform and Barbering Kit are required. Pre-requisites include: Barbering I, II, and III.

H3774 368 Hrs 8/16 - 12/14 M 10:00AM - 12:00PM DCTR Barbering, Rm. 0110 A. McCullers \$191.60  
T W Th 10:00AM - 5:30PM

## Cosmetology in Spanish I

This course allows students who speak Spanish fluently to begin working toward a certificate by gaining 422 hours of the required 1500 hours. Instruction will focus on theoretical concepts of cosmetology with hands-on experience performed on mannequins. Students will work toward a Cosmetology License with the NC State Board of Cosmetic Arts. Perspective students must attend an orientation session, provide verification of citizenship/student visa documents, identification and take a CASAS reading assessment. A textbook, cosmetology kit and uniform are required.

H3767 416 Hrs 8/16 - 12/14 M T W Th 2:30PM - 9:30PM HMC Cosmetic Arts Bldg. Rm. 411 J. Chavez Ruiz \$191.60

## Cosmetology in Spanish II

This course allows students who speak Spanish fluently to continue working toward completing hours to obtain a Cosmetology License with the NC State Board of Cosmetic Arts. Students will continue a focus on theoretical concepts of cosmetology, in addition to practical performing services in the salon. Students must have completed Cosmetology in Spanish I. Textbooks, uniform and cosmetology kit required.

H3770 352 Hrs 8/16 - 12/14 M T W Th 3:30PM - 9:30PM HMC Cosmetic Arts Bldg. Rm. 410 A. McLamb Collier \$191.60

## Cosmetology in Spanish IV

This course is designed to provide advanced cosmetology concepts and advanced practical skills. Pre-requisites include: Cosmetology in Spanish I, II and III. Textbooks, uniforms and supplies are required.

H3771 352 Hrs 8/17 - 12/14 T W Th HMC Cosmetic Arts Bldg. Rm. 407 A. McLamb Collier \$191.60  
Su

## Cosmetology in Spanish V

This class is the final phase of the Cosmetology in Spanish program, in which students will reach all program requirements and be able to demonstrate all Cosmetology concepts taught. Students will be prepared for the licensing exam with the NC State Board of Cosmetic Arts. Pre-requisites include: Cosmetology in Spanish I, II, III and IV. Textbooks, uniform and cosmetology kit required.

H3772 352 Hrs 8/17 - 12/14 T W Th HMC Cosmetic Arts Bldg. Rm. 400 A. McLamb Collier \$191.60  
Su

## Cosmetology Instructor I

This course is designed to provide the necessary skills to meet the instructional requirements to current licensed cosmetologists who are interested in becoming licensed cosmetic arts instructors. This is a parallel course to COS-271 and COS-272 Instructor Concepts I and II, and is completed in a curriculum environment. This is part one of a two part program. After completing both Cosmetology Instructor Level I and Level II, students will be able to sit for the NC licensing exam. Textbooks, uniforms and supplies are required.

H3769 416 Hrs 8/17 - 12/14 T W Th HMC Cosmetic Arts Bldg. Rm. 407 S. Johnson \$191.60  
Su

## Manicuring - Nail Tech

This course allows students to begin working towards completing 300 hours of salon theory and practical skills. Instruction will focus on theoretical concepts of manicuring with hands-on experience. Students will work towards a manicuring license with the NC State Board of Cosmetic Arts. Students must attend a required orientation session and provide verification of identification. Textbooks, a manicuring kit, uniform and supplies are required.

H3766 320 Hrs 8/17 - 12/14 T W Th HMC Cosmetic Arts Bldg. Rm. 409 S. Gilbert \$191.60  
Su

### Manicuring - Nail Tech in Spanish

This course allows students who speak fluently in Spanish to begin working towards completing 300 hours of salon theory and practical skills. Instruction will focus on theoretical concepts of manicuring with hands-on experience. Students will work towards a manicuring license with the NC State Board of Cosmetic Arts. Students must attend a required orientation session and provide verification of identification. Textbooks, a manicuring kit, uniform and supplies are required.

H3768 320 Hrs 8/16 - 12/14 M T W Th 4:30PM - 9:30PM HMC Cosmetic Arts Bldg. Rm. 409 L. Vega \$191.60

## Health & Medical Occupations

### Cardiovascular Monitor Technician

This course is designed to prepare the student to become a certified EKG Technician and a certified Cardiovascular Monitor Technician. Upon completion of the class, the student will be eligible for the American Society of Phlebotomy Technician's (ASPT) certification examination. A high school diploma and textbook are required.

H3003 132 Hrs 8/17 - 12/09 T Th 5:30PM - 9:30PM HHSC Harnett Health Science, Rm. 114 S. Royal \$181.60

### Nurse Aide I

This course provides the knowledge and skills needed to care for adults. Emphasis is placed on activity of daily living skills and signs and symptoms of disease. Graduates are eligible for the National Nurse Aide Assessment Program (NNAAP) certification. Supplies are required. Criminal background check, immunization records, and drug testing are required before clinical rotation. This class is offered in traditional, hybrid, and accelerated formats.

H3002 184 Hrs 11/02 - 1/27 T Th 8:00AM - 2:30PM HHSC Harnett Health Science, Rm. 149 S. Bass \$191.60

H3001 184 Hrs 8/17 - 10/26 T Th 8:00AM - 2:30PM HHSC Harnett Health Science, Rm. 149 S. Bass \$191.60

### Pharmacy Technician

This course provides instruction in technical procedures for preparing and dispensing drugs under the supervision of a registered pharmacist. Emphasis is placed on drug packaging/labeling and customer service. Graduates are eligible for the Pharmacy Technician Certification Board's (PTCB), Certified Pharmacy Technician Examination (CPhT). A textbook is required. This class has campus specific enrollment requirements and textbooks.

H3006 192 Hrs 9/13 - 1/12 M T W 10:00AM - 2:00PM HHSC Harnett Health Science, Rm. 128 T. Surles \$181.60

H3007 192 Hrs 9/13 - 1/12 M T W 5:30PM - 9:30PM HHSC Harnett Health Science, Rm. 128 T. Surles \$181.60

### Phlebotomy Technician

This course provides instruction in blood/specimen collection techniques and handling. Graduates are eligible for the American Society for Clinical Pathology certification. A textbook, supplies, criminal background check, and immunization records are required. Drug test is required at some clinical locations. Clinical hours may vary from scheduled class times.

H3009 200 Hrs 11/29 - 2/21 M Th 5:30PM - 9:30PM HHSC Harnett Health Science, Rm. 140 D. Rhodes \$191.60

H3004 200 Hrs 9/13 - 11/22 M T W Th 9:00AM - 1:00PM HHSC Harnett Health Science, Rm. 140 D. Rhodes \$191.60

## Industrial/Manufacturing

### BioWork

The BioWork course can lead to an entry-level position as a process technician. Students will learn foundational principles and skills needed for a career with a biotechnology, pharmaceutical, or chemical manufacturing company. This course articulates to BPM110 Bioprocess Practices, PTC110 Industrial Environment and also prepares students for the State Certification Exam for Process Technicians. Prerequisites: High School Diploma or High School Equivalency (GED, HiSET, TASC) and attend an online information session. Math and reading placement tests may be required. A textbook is required.

H3676 136 Hrs 10/14 - 12/14 M W 6:30PM - 10:30PM HHSC Harnett Health Science, Rm. 252 \$181.60

### OSHA 10 General Industry

This course provides the basic guidelines and a safety overview of the OSHA 10-hour General Industry module. Students will receive a variety of training on general industry safety and health requirements. Upon successful completion of the course, students will receive an OSHA 10-Hour General Industry Outreach DOL course completion card. An \$8 OSHA card fee (cash) will be collected by the instructor.

H3687 10 Hrs 12/06 - 12/07 M T 8:30AM - 2:15PM TS Triangle S Enterprise Ctr., Rm. 212 D. Burbank \$71.60

### Welding - MIG I

This course is designed to teach the practical operation in the use of the Gas Metal Arc Welding process. The course covers power sources, operation, shielding gases, and safe practices. Safety glasses, gloves and flame retardant safety jacket are required. Metal fee: \$80

H3680 124 Hrs 8/16 - 12/06 M W 5:30PM - 9:30PM HMC Harnett ConEd. Bldg., Rm. 200 K. Coleman \$181.60

## Motor Vehicles & Driving

### Alive at 25

Whether you've received a ticket or just want to be a safer driver, you can learn defensive driving techniques. "Alive at 25" is designed for students under 24 years of age and may minimize or prevent the assessment of insurance points or premium surcharges on insurance policies and/or drivers' licenses. You will need your driver's license, citation number, violation type and court date when you register.

H3730	4 Hrs	10/05 - 10/05	T	6:00PM - 10:00PM	HMC	Harnett ConEd. Bldg., Rm. 220	E. Velez-Santiago	\$76.00
