

Psychology Majors Organization

If you're planning to transfer to a college or university after graduation, you should consider being a psychology major. Psychology is a liberal art degree that offers a lot of opportunity.

Join for free and learn what it takes to be a psychology major. You will have access to the best colleges for psychology, university contacts, how to get a scholarship, learn how to be accepted into a psychology program, and more.

The group meets once a month from 12:00 – 12:30 virtually. Our guest speakers present information about careers in psychology and other careers. The following are the Fall meetings:

Meeting Date and Time	Speaker	Topic
September 24	Dr. Ali	Should you major in psychology?
October 19	Abby Reynolds	Art and Yoga instructor
November 16	Regina Teresi	Psychiatric Nurse UNC

For more information about how to join, contact Professor Timothy Barnes tbarn857@cccc.edu or Professor David Malenick dmale558@cccc.edu
