## Accessing the Advising Hub: Part-Time Faculty

Part-time faculty now have access to a comprehensive student overview via the student snapshot in the advising hub. This includes self-service notes, degree plans, communication history, interactions, and current/upcoming course schedules. Log in to the CCCC portal to access the advising hub. To learn more about the student snapshot: [CLICK HERE](#)

Please review spring semester grade alert dates to prioritize timely grade updates. Establishing these dates emphasizes the importance of maintaining accurate grades before alerts are sent, ensuring their accuracy. The goal is to keep faculty and staff well prepared and informed by providing these dates in advance. While these dates set a schedule for grade concern alerts, faculty can still initiate alerts for specific students as needed.

## Grade Alerts-Spring 2024
