PROGRAM INFORMATION
The Barbering program at Central Carolina Community College was the first program of its kind in the North Carolina Community College System. Instruction is a combination of theory and hands-on training. Students will build their educational foundation with classroom work and then apply their acquired skills in a simulated environment. CCCC’s certified instructors will teach students the fundamentals of hair care, shampooing, cutting and styling, along with instructional components in shaving, beard and mustache trimming and cutting, facial massage, hair treatments, hygiene, and professional ethics. Advanced classes will cover coloring, hairpieces, and scalp treatments.

SCHEDULE OPTIONS
Students have the ability to shape their educational experience by choosing a program that accommodates their career goals. The program can be started either in the fall semester (August) or in the spring semester (January). New students do not begin in the summer. Classes must meet their minimum enrollment to be offered.
