

BIOPROCESS TECHNOLOGY

ABOUT THIS PROGRAM

The Bioprocess Technology curriculum will prepare individuals to work as Process Operators in biological products manufacturing facilities. Students will combine foundational knowledge in basic science and communication skills, manufacturing technologies, and good manufacturing practices. Students will develop collaborative and disciplined work ethics while consistently practicing problem-solving skills. With successful completion of the program, individuals will qualify for employment in a variety of Bioprocessing industries like pharmaceutical manufacturing.

POSSIBLE JOB TITLES:

- Bioprocess Technician
- Process Operators
- QA Specialist
- Manufacturing Associate

MEDIAN SALARY:

\$55,460 annually

BUREAU OF LABOR STATISTICS CLUSTER WEBSITE:

<https://www.bls.gov/ooh/architecture-and-engineering/industrial-engineering-technicians.htm>

JOB PLACEMENT OF RECENT GRADUATES OF THIS PROGRAM:

- Anticipated: Pfizer, Audentes, Coty, Kri-Gen

SKILLS/APTITUDES NEEDED FOR PROGRAM:

- Problem-solving skills
- Attention to detail
- Effective written and spoken communication skills

www.cccc.edu

DEGREE(S)

Associate in Applied Science in Bioprocess Technology (A50440; Center for Workforce Innovation; Distance)

DIPLOMA(S)

Diploma in Applied Science in Bioprocess Technology (D50440; Center for Workforce Innovation; Distance)

CERTIFICATE(S)

Certificate in Applied Science in Bioprocess Technology (C50440; Center for Workforce Innovation; Distance), Short Term: BioWork Certificate

TRANSFER OPTIONS

Yes – East Carolina University and University of North Carolina System (Contact the program lead below to discuss transfer options further.)

ADDITIONAL COSTS OF PROGRAM

None

STATE LICENSURE/EXAMS/INDUSTRY CERTIFICATIONS

Process Technician Examination from Partnership for Biotechnology Workforce Training

ADDITIONAL ADMISSIONS PROCESS

None

CONTACTS
