

INFORMATION TECHNOLOGY – GENERAL

ABOUT THIS PROGRAM

The CCCC Information Technology-General curriculum program offers students excellent opportunities to prepare and qualify themselves for introductory-level technical positions in business, or even positions as experienced technologists, in the promising fields of computer and information technologies.

Students receive training and guidance through the skillful use of state-of-the-art equipment and software, in classroom and lab settings that are most conducive to student learning, development, and performance excellence. They will gain experience in several areas of Information Technology including, but not limited to: hardware/software, security, networking, programming, and databases. This track of the Information Technology program prepares students to be well rounded information technology technicians.

POSSIBLE JOB TITLES:

- Help Desk Technician
- Systems/Computer Support Technician
- Junior Programmer/Programmer
- Systems/Server Administrator
- Technical Support Technician
- Remote Support Technician

MEDIAN SALARY:

- \$54,760 annually – Computer Support Specialist
- \$86,550 annually – Computer Programmer (may need additional experience)

BUREAU OF LABOR STATISTICS CLUSTER WEBSITE:

bls.gov/ooh/computer-and-information-technology/home.htm

JOB PLACEMENT OF RECENT GRADUATES OF THIS PROGRAM:

- Coty
- Tyson
- CTI Systems

SKILLS/APTITUDES NEEDED FOR PROGRAM:

- Critical Thinking Skills
- Attention to Detail
- Basic Math Skills

www.cccc.edu

DEGREE(S)

Associate in Applied Science in Information Technology (A25590; Lee Main Campus - Day, Selected Evening, Selected Distance) – five semesters (summer included)

DIPLOMA(S)

Diploma in Information Technology (D25590; Lee Main Campus - Day, Selected Evening, Selected Distance) – three semesters

CERTIFICATE(S)

Certificate in: Programming (C255590P), Database Programming (C25590DP), IC3 - Internet and Computing Core (C25590IC), Computer Hardware/Troubleshooting Repair (C25590HT) (Same as above) - Varies

TRANSFER OPTIONS

Yes – East Carolina University (BSIT Program); Others in the University of NC System (not direct transfer) (Contact the program lead below to discuss transfer options further.)

ADDITIONAL COSTS OF PROGRAM

None

STATE LICENSURE/EXAMS/INDUSTRY CERTIFICATIONS

CompTIA A+, Network+, Security+, IC3, Microsoft Certifications

ADDITIONAL ADMISSIONS PROCESS

None
