## Lee Campus News

### Library's Refreshed Look

Over the summer, staff at the Lee Campus Library gave the library a fresh look by rearranging furniture in order to make seating areas a more inviting space for patrons. Additionally, some of the special collections were shifted to new locations to allow for easier browsing. With these items in their new shelving locations, we now have room to grow our collection and to create displays that feature our newest and most popular materials.

Seating is now available outside of the computer lab.

Seating has been rearranged to allow for easier browsing of nearby shelves.

The newest addition to the stacks is the basic skills section which contains materials at or below a grade 8 reading level. All of the DVDs have also been shifted, and this section now features two displays which will showcase some of the newest and most popular films. The makerspace cart has also found a new home beside the information desk and will now be available for use any time. Be sure to stop by the library and check out our cozy new seating areas, displays, and special collections. Don't forget to make a button while you are here!

## New Procedure for Archives Donations

The Library has a new procedure for donating items to the College Archives. An Archives Institutional Repository Donation Form is now available on the Intranet at <https://www.cccc.edu/intranet/files/Archives-Institutional-Repository-Donation-Form.pdf>. This form should be completed and submitted along with any donations. Once received, library staff will determine if adding the materials is appropriate for the College Archives. The information included on the form will also be valuable in processing and cataloging the items added. For more information or questions, please contact Samantha O'Connor at [soconnor@ccc.edu](mailto:soconnor@ccc.edu) or 919-718-7340.

## Office Hours

For faculty who need help embedding library resources into their Blackboard courses, identifying information literacy goals relevant to their assignments, or even conducting their own research, librarians will be offering faculty focused office hours on the Lee and Harnett campuses this semester. Feel free to drop in and see us! If none of these times work for you, let us know and we'd be happy to make an appointment with you any time.
