Poem for Summer

Laughter of lilacs
Rainbows of roses
Songs of the robins
Lily of the valley borders
Sunshine to warm the heart
Oh what joy this season does impart!
Attributed to Anne Morrow Lindbergh

Summer Reading and NC LIVE

Looking for something to read this summer? Two NC LIVE databases might be helpful.

NoveList is a fiction database that provides information for over 120,000 fiction titles.

NoveList allows readers to use a favorite author or title as a template to locate other authors and titles of interest. By looking up a favorite book in *NoveList*, you can click the "Find Similar Books" button (at the top of the title record) and search for more titles like the one you enjoyed. *NoveList* also allows you to enter your own descriptive terms in Describe a Plot.

Besides locating books to read, users can learn more about books and authors through Author Read-alikes, Feature Articles, Book Discussion Guides, and BookTalks.

NoveList K-8 is a version of this database for young readers.

The database *What Do I Read Next?* includes over 100,000 recommended titles, more than 60,000 plot summaries, and awards information from 562 awards, all to help users uncover new reading adventures, find long-remembered favorites, and discover award-winning titles.
