Program Planning Guide

Audio Production Technology Certificate (C3012010)

Program Length: 2 semesters
Program Sites: Lee Main Campus, Day
Career Pathway Options: Associate in Applied Science Degree in Audio and Video Production Technology; Diploma in Audio Production Technology; Certificate in Audio Production Technology

Suggested Course Schedule		Class	Lab	Work	Credits	Notes:
1st Semester (fall)						
BPT 121	Media Speech Techniques	2	3	0	3	
BPT 131	Audio Production I	2	4	0	4	
	Total Semester Hours	**4**	**7**	**0**	**7**	
2nd Semester (spring)						
BPT 220	Emerging Technologies	2	4	0	4	
BPT 132	Audio Production II	2	4	0	4	
	Total Semester Hours	**9**	**8**	**0**	**8**	
Total Semester Credits Required for Graduation: 18						

Course Descriptions

BPT 121   Media Speech Techniques
This course covers basic preparation and speaking performance. Emphasis is placed on proper articulation, pronunciation, rate of delivery, pitch, breathing techniques, inflection, projection, and phrasing for media talent. Upon completion, students should be able demonstrate effective communication to a target audience.

BPT 131   Audio Production I
This course covers the creation, development, production, and presentation of audio programming elements for various formats and platforms. Emphasis is placed on the operation of professional audio equipment, microphones, and recording devices. Upon completion, students should be able to correctly operate audio recording and playback equipment and demonstrate an understanding of the basic components of sound.

BPT 132   Audio Production II
Prerequisite: Take BPT 131
This course is designed to advance the skills learned in BPT 131 Audio Production I and covers creation, development, production, and presentation of audio programming elements for various formats and platforms. Emphasis is placed on the operation of professional audio equipment, microphones, and recording devices. Upon completion, students should be able to correctly operate audio recording and playback equipment and demonstrate an understanding of the basic components of sound.

BPT 220   Emerging Technologies
This course introduces advancements in technology, equipment, and/or software in the industry. Emphasis is placed on new and emerging content production trends in the audio and video industry. Upon completion, students should be able to adapt and utilize the most current audio and video technology.
