The College owns and operates the Dennis A. Wicker Civic and Conference Center ("Civic Center"), a facility that is intended to serve and benefit the public good as well as the needs of the College. While the purposes and general uses of the Civic Center are in alignment with the College's mission, the Civic Center also serves purposes beyond those of the educational mission of the College. As such, while the Civic Center is subject to the same policies and procedures of the College generally, it is also subject to certain exceptions and may be made available in ways not otherwise allowable for other College facilities and property. Where appropriate, special consideration is given to the Civic Center in the College's policies and procedures, and the President is hereby authorized to adopt procedures to allow for the broadest possible utilization of the Civic Center by the local, regional, state-wide, and broader community not otherwise inconsistent with the policies adopted by the Board.
