Connecting with Employers to Create a CCN account 10/22/2026

Thank you for your interest in connecting with Central Carolina Community College (CCCC) students and sharing employment opportunities with our campus community!

To get started, please follow the steps below to create your College Central Network (CCN) employer account.

How to Create Your CCN Employer Account

1. Visit the College Central Network website https://www.collegecentral.com/cccc/
2. Select the Employer icon on the homepage.
3. Click the gray “Create an Account” button located on the right side of the page.
4. Complete the registration form by filling in all required fields marked with an asterisk (*). All other fields are optional.
5. Once you have completed the form, click the blue “Register” button to submit your information.

Account Approval and Login Information

Once the CCCC Career Center has reviewed and approved your pending account, you will receive an email prompting you to create your own unique password.

Please be sure to save your password in a secure location, as the Career Center does not have access to your personal password. If you experience login difficulties, we can assist by providing a temporary password, as needed.

Start Connecting with Our Students!

Once your account is approved, you can begin posting job openings, internships, and other employment opportunities through CCN. The Career Center will also work with select faculty members to share relevant opportunities with students and help connect your organization with emerging talent.

Thank you for partnering with Central Carolina Community College to support our students' career development and connect them with meaningful employment opportunities. We appreciate your interest in recruiting CCCC students and look forward to working with you!

If you have any questions or need assistance with the registration process, please contact me by email at kfrye438@cccc.edu or by phone at 910-718-7580.

Best regards,
