★ Graduation Rate for 2019 Fall First Time Full Time Military Affiliated students was 38% (5% higher than the overall graduation rate)

Definitions

Military Affiliated students include Active Duty service members, Veterans, and dependents of Active Duty service members.

A student who has been retained from fall to fall has either completed a credential by the start of the second fall term or has re-enrolled in the second fall term.

Graduation Rate is calculated according to the IPEDS definition - total number of First Time Full Time students completing a credential within 150% of normal time divided by total number of First Time Full Time cohort students for a given fall semester.
