From the Director of Campus Security and Safety

The following pages contain the 2014 Annual Security Report for Central Carolina Community College. The report includes crime statistics for all our campus locations and facilities as well as Security Policies and Programs as required by the **Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act.** The report will provide you with important information about the safety and security of our campus locations and as you review these statistics, you will see that Central Carolina Community College makes every effort to maintain a low crime rate at our facilities. This is due to the collective efforts of the CCCC campus community, our law enforcement partners and the communities in which we are located and serve. Crime prevention, security awareness and risk identification is the responsibility of everyone and communication is a critical component to the overall success of our campus security programs.

I want to thank you for taking the time to read this report and hope that it is informative and helpful. If you have any questions, comments or suggestions, please contact me at 919-718-7211.

Frank R. Bedoe Sr., CPP, CHS III
Director of Campus Security and Safety
Central Carolina Community College

The Student Right to Know and Campus Security Act (Public Law 101-542) was signed into law by President Bush in 1990 and went into effect on September 1, 1991. Title II of this act is known as the Crime Awareness and Campus Security Act of 1990. It added crime statistics for the most recent three years, disclosure of the institutions current security policies and required timely warning to be issued by the institution.

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act was passed in 1998 (20 U.S.C. 1092 (f) and the U.S. Department of Education (ED) issued the final regulations which became effective on July 1, 2000. It required the ED to collect, analyze and report to congress the incidences of crime on college campuses. It also required those institutions who participated in federal student aid programs to disclose to students, faculty, staff, and, upon request, prospective students information regarding the incidence of crimes on campus as part of the campus security report. Institutions that have a campus police or security department are required to maintain a daily crime log that is available to the public. On March 7, 2013 the Violence Against Women Reauthorization Act of 2013 (VAWA) (Pub. Law 113-4) was signed by the President and amended section 485(f) of the Higher Education Act of 1965.

The Campus Security Act requires colleges and universities to:

- Publish an Annual Security Report every year by October 1st containing the previous three years of campus crime statistics and certain campus security policy statements:

- Disclose crime statistics for the campus(s), public areas immediately adjacent to or running through the campus and certain non-campus facilities and remote classrooms. Statistics must be gathered from campus police/security, local law enforcement and other "institutional officials who have significant responsibility for student and campus activities;"

- Provide "timely warning" notices of crimes that have occurred and pose an "ongoing threat students and employees;"

- Disclose in a public crime log of any crime that has occurred on campus and is reported to the campus police/security department.

The Director of Campus Security and Safety is responsible for preparing and distributing this annual report with the assistance and cooperation of senior leaders of this institution. The administration, faculty and staff at CCCC are committed to providing an environment that encourages learning and educational pursuits. Campus Security is charged with maintaining a safe and secure environment for the campus community. This cannot be done by campus officials alone, everyone must share the responsibility and work together to maintain a safe learning environment. Your cooperation in reporting suspicious and criminal activities will enhance these efforts.

Campus Security

CCCC utilizes a combination of contract security personnel and off-duty Law Enforcement Officers (LEO's) at its campuses located in Lillington, Pittsboro, Sanford, WB Wicker, Siler City, West Harnett Center, Harnett Health Sciences Center locations.

Contract security personnel are licensed by the North Carolina Private Protective Services Bureau and must successfully complete the required training approved and mandated by the NC Private Protective Services Bureau. They also receive training through their licensed employers as well as site specific training at their assigned locations. Security personnel will contact local law enforcement authorities for incidents that require the powers of arrest and/or further criminal investigation.

Law Enforcement Officers working at CCCC locations are sworn officers and have the authority to enforce all local, state and federal laws.

Campus Security patrols their assigned locations by foot and vehicle patrols and keep in communication with each other and site personnel through portable radios and cell phones. They respond to medical emergencies, traffic accidents, criminal activity and other incidents requiring emergency response or assistance.

CCCC works closely with local, county, state, federal law enforcement and other emergency responders. Absent of memoranda's of understanding, we count on these agencies to provide a wide range support services and criminal investigative expertise.

Sexual Assault, Sex Crimes, Stalking, and Domestic & Dating Violence Policy

Central Carolina Community College actively promotes a campus environment that maintains the dignity of all members of the campus community. To maintain this dignity, Central Carolina community College will not tolerate any form of domestic violence, dating violence, stalking, sexual assault, rape, or nonconsensual sexual activity (hereinafter referred to as "aforementioned crimes"). The Crime Awareness and Campus Security Act of 1990, Section 485 (f) (1) (F) of 20 U.S.C. 1092 (a) (1) (Public Law 101-542) requires that institutions of higher education collect information with respect to sexual assault on campus and beginning in September 1993, to include such information in an annual security report. The Higher Education Amendments of 1992 (Public Law 102-325) provide further that as part of the Annual Security Report the College shall include, develop and distribute statement of policy regarding the College's sexual assault programs and the procedures to be followed if a sex offense occurs.

The federal Campus Sex Crimes Prevention Act, enacted October 28 2000, went into effect October 28, 2002. The law requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a state to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation or is a student. The state of North Carolina Department of Justice provides a Sex Offender Registry Search at the following website. http://sexoffender.ncdoj.gov .

Education and Awareness

Education will be provided through appropriate programs and education booklets, which may include:

1. Orientation programs
2. Staff development/employee training
3. Student and Employee Handbooks
4. Campus Media
5. Seminars, workshops, pamphlets, and posters addressing specific issues, such as sexual assault, acquaintance rape, sexual harassment, self-protection for men and women and crime reporting.

Members of the campus community found to be in violation of this policy will be subject to disciplinary action including, but not limited to, suspension and expulsion from the College. This policy will be enforced using internal disciplinary procedures, and the encouragement of external prosecution of alleged offenders. Violations of this policy shall include, but are not limited to the following:

- Any form of nonconsensual sexual intercourse, committed by physical force, coercion, threat, or intimidation, actual or implied, by a person(s) known or unknown to the victim.
- Any actual or attempted nonconsensual sexual activity by a person(s), known or unknown to the victim, defined as, but not limited to, a) sexual intercourse or sexual touching committed with or without physical force, coercion, threat or intimidation; b) exhibitionism, or c) sexual language of a threatening nature. Nonconsensual sexual activity shall include, but not limited to, situations where the victim is unable to consent because s/he is physically helpless, or is mentally incapacitated due to drug or alcohol consumption or is unconscious, regardless of whether or not the consumption was with the victim's consent. Sexual activity requires consent, which is defined as voluntary, positive agreement between the participants to engage in specific sexual activity. This agreement must be clear, typically verbal, and unambiguous at every stage of a sexual encounter. An individual who is incapacitated in any manner or to any degree, including through the effects of drugs and/or alcohol, is not capable of giving consent. [Women's Center, Northwestern University]
- Domestic violence, which is defined as "a pattern of abusive behavior in any relationship that is used by one partner to gain or maintain power and control over another intimate partner. Domestic violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person." [U.S. Department of Justice]
- Stalking, which is defined as to be defined as "A pattern of repeated and unwanted attention, harassment, contact, or any other course of conduct directed at a specific person that would cause a reasonable person to feel fear." [U.S. Department of Justice]
- Dating violence, defined as "violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim […]." [U.S. Department of Justice]
- Sexual assault, which is defined as "any type of sexual contact or behavior that occurs without the explicit consent of the recipient. Falling under the definition of sexual assault are sexual activities such as forced sexual intercourse, forcible sodomy, child molestation, incest, fondling, and attempted rape." [U.S. Department of Justice]

Reporting and taking action in response to sex crimes and/or violence against a student or employee will be limited to incidents occurring on campus, off-campus at College-leased or owned facilities, when attending College-sponsored activities or any activities (including participation in field experiences, internships, athletic and cultural events) which are initiated, authorized or supervised by Central Carolina Community College, even off-campus or when representing the College. The College will not tolerate any retaliation against individuals who report incidents of sexual activity in violation of this policy. Members of the campus community found to have retaliated against an individual who reports an incident will be subject to disciplinary action including, but not limited to, suspension and expulsion from the College for students, or termination of employment for employees. Violation of the confidentiality of either the accuser or accused shall not be tolerated and will be treated in the same manner as retaliation. A student or employee who reports to the institution that they have been a victim of one of the aforementioned crimes shall be provided with a written explanation of the student or employee's rights and options.

Students who are victims of the aforementioned crimes are encouraged to file a complaint with any member of CCCC's faculty or staff as soon as possible after the alleged incident. Additionally, victims are strongly encouraged to report the incident to local law enforcement. Witnesses or other parties with knowledge of an alleged assault, who are part of the campus or not, are also encouraged to report incidents to the College and local law enforcement. Complaints by or against students will be forwarded to the Vice President of Student Services for resolution within existing disciplinary procedures.

Complaints by or against college employees will be forwarded to the executive director and ethics liaison of human resources for resolution with existing employee advocacy and disciplinary procedures. College security staff may be asked to support in the reporting and investigation of incidents of sexual assault. If the incident takes place after normal College hours, reports can be made by calling Campus Security 919-718-7512.

Any individual who has been the victim of the aforementioned crimes has the right to be assisted by campus authorities in notifying law enforcement if the victim so chooses. Victims also have the option to decline to notify such authorities. In such cases when an individual is granted an order of protection, no contact order, restraining order, or similar lawful order issued by a criminal, civil, or tribal court, college security must be notified in order to assist in the enforcement of said order while the individual is on college grounds.

Preserving and Collecting Forensic Evidence

In the immediate aftermath of a sexual assault, the most important thing is for the victim to get to a safe place. Whether it is the victim's home, a friend's home or with a family member, immediate safety is what matters most. When a feeling of safety has been achieved, it is vital for the victim to receive medical attention, and it is strongly recommended that the victim to receive a forensic examination. A forensic medical exam may be performed at a hospital or other healthcare facility, by a sexual assault nurse examiner (SANE), sexual assault forensic examiner (SAFE) or another medical professional.

Preserving DNA evidence can be key to identifying the perpetrator in a sexual assault case, especially those in which the offender is a stranger. DNA evidence is an integral part of a law enforcement investigation that can build a strong case to show that a sexual assault occurred and to show that the defendant is the source of biological material left on the victim's body.

Campus Judicial Proceedings

This policy will be enforced using internal disciplinary procedures, and the encouragement of external prosecution of alleged offenders. All claims shall receive a prompt, fair, and impartial investigation and resolution. Investigations shall be conducted by officials who receive annual training on issues related to the aforementioned crimes and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. The accuser and accused are entitled to the same opportunities to have others present during a disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by an advisor of their choice. Both the accuser and the accused shall be simultaneously informed, in writing, of:

- the outcome of the institutional disciplinary proceeding
- CCCC's procedures for the accused and the victim to appeal the results
- any change in the results that occurs prior to the time the results become final
- when the results become final

All allegations of Sexual Assault, Dating and Domestic Violence and Stalking are violations of the CCCC Student Code of Conduct and will be dealt with under the Disciplinary Procedures, Sanctions and Appeals Procedures of the Student Code of Conduct.

Disciplinary Procedures

Immediate Suspension: If it threatens the health or well-being of any member of the academic community. The Vice President of Student Services will be notified in writing no later than 2 days following the incident. The Vice President of Student Services is responsible for implementing student discipline procedures.

Charges may be brought by and administrative official, faculty/staff member or student. The individuals must notify the VP of Student Services in writing and provide details of the incident as well as names of the suspect and any witnesses.

Within 5 working days after a charge is filed, the VP of student services shall complete a preliminary investigation and schedule a meeting with the student suspect. If the student suspect cannot be reached or refuses to cooperate, the VP of Student Services shall send a certified letter to the students last known address providing them with a list of charges, the VP of Student Services decision, and instructions governing the appeal process.

Sanctions

Because of the serious nature of the offenses and the threat to the individual, the sanctions will be suspension or expulsion from the college. If the suspect is not a student, the VP of Student Services will send a certified letter to the suspect advising them that they are not allowed on any CCCC campus and will be arrested for trespassing should they come onto any one of the College's campuses or buildings.

If the suspect is not a student the college will assist and encourage the victim to notify the law enforcement agency that has jurisdiction over the location where the incident occurred. The college will also encourage the victim to report the incident if the suspect is a CCCC student.

Appeals Procedure

If the student suspect disagrees with the decision of the VP of Student Services, they may request a hearing by the judicial chairperson who has received the required training. The request must be sent to the VP of Student Services within 6 working days after the receipt of the VP of Student Services decision.

The Judicial chairperson will meet within 10 working days of the receipt of the request for hearing, unless the student (defendant) requests additional time (not to exceed 5 days). At least 2 working days prior to the date set for the hearing, the VP of Student Services shall send a certified letter to the student's last known address providing the student with the restatement of the charge(s), the time and place of the hearing and a statement of the student's basic rights.

The student has a right to counsel, this includes an attorney hired by the student The role of the person acting as council (including an attorney) is solely to advise that student. The council shall not address the judicial chairperson. If the student opts to bring council to the hearing, the student must inform the VP of Student Services of this intention when the request for hearing is filed. Should the student bring council without informing the VP of Student Services, the judicial Chairperson will give the student the option of proceeding without council or postponing the hearing for 5 working days.

The student has a right to present evidence including witnesses. The right to hear witnesses on behalf of the person bringing the charges. The right to testify or to refuse to testify without such refusal being detrimental to the student. The right to appeal the decision of the judicial chairperson to the college president who will review the official record of the hearing. The appeal to the president must be made within 10 working days of the completion of the hearing.

Witnesses shall give testimony singularly and in the absence of other witnesses. They must leave the hearing room immediately after completion of their testimony.

Within 4 working days after the decision is rendered, the VP of Student Services shall send a certified letter to the students last known address providing the student with the decision. If the student appeals to the president of the college that final decision will be sent to the student within 10 working days of the receipt of the appeal.

Accommodations and Protective Measures

CCCC will provide schedule and class changes including online courses (where applicable) as accommodations and protective measures for victims of Sexual Assault, Dating & Domestic Violence and Stalking. Security Escorts can also be provided while the victim is on campus.

Consent

In reference to sexual activity:

Affirmative consent is a clear, unambiguous, knowing, informed, and voluntary agreement between all participants to engage in sexual activity. Consent is active, not passive. Silence or lack of resistance cannot be interpreted as consent. Seeking and having consent accepted is the responsibility of the person(s) initiating each specific sexual act regardless of whether the person initiating the act is under the influence of drugs and/or alcohol. Consent to any sexual act or prior consensual sexual activity between or with any party does not constitute consent to any other sexual act. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity or gender expression. Consent may be initially given but withdrawn at any time. When consent is withdrawn or cannot be given, sexual activity must stop. Consent cannot be given when a person is incapacitated. Incapacitation occurs when an individual lacks the ability to fully, knowingly choose to participate in sexual activity. Incapacitation includes impairment due to drugs or alcohol (whether such use is voluntary or involuntary), the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.

Bystander Intervention

We can all play a role in preventing violence by practicing effective bystander intervention. Simply put, bystander intervention is taking responsibility for getting involved when we see a situation that could cause potential harm.

- Confronting people who seclude, hit on, try to make out with, or have sex with people who are incapacitated;
- Speaking up when someone discusses plans to take sexual advantage of another person;
- Interjecting yourself into a conversation where another person seems unsafe;
- Refusing to leave the area (or call police) if a person is trying to get you to leave so they can take advantage of another;
- Offering to drive an incapacitated friend home from a party;
- Ensuring friends who are incapacitated do not leave the party or go to secluded places with others.

Tips for Intervening

In a situation potentially involving sexual assault, relationship violence, or stalking:

- Approach everyone as a friend
- Do not be antagonistic
- Avoid using violence
- Be honest and direct whenever possible
- Recruit help if necessary
- Keep yourself safe
- If things get out of hand or become too serious, contact campus security or dial 911

Sexual Harassment Policy

POLICY:

The college is committed to providing and promoting an atmosphere in which individuals may realize their maximum potential in the workplace and/or the classroom. Sexual harassment is a violation of both state and federal law and will not be tolerated. Sexual harassment is defined as deliberate, unsolicited, unwelcome verbal and/or physical conduct of a sexual nature or with sexual implications. This definition does not include personal compliments welcomed by the recipient or relationships which are freely entered into by both parties.

APPLICATION:

All employees and students

PROCEDURES:

Any individual who feels that he or she has been subjected to acts of sexual harassment should report the incident immediately. The individual may choose to report the incident either during a private and confidential discussion of the issue with a counselor or by initiating a formal complaint to the Vice President of Student Services.

A student desiring to pursue the issue through a confidential setting should discuss the matter with a counselor on an informal basis. An employee desiring to pursue the issue in a confidential setting should meet with the director of human resources. During this private and confidential discussion, the counselor or director of human resources will help the student or employee determine the best course of action to resolve the situation. If desired by the individual, the counselor may facilitate a discussion between the parties involved in order to resolve the situation as quickly as possible. Any resolution will close the matter.

A student can report a formal complaint of sexual harassment to the Vice President of Student Services. An employee can report a formal complaint of sexual harassment to the director of human resources. All formal complaints of sexual harassment will be investigated. The administrator receiving the initial formal complaint will initiate an investigation immediately for resolution within existing student or employee disciplinary procedures. Any reported incidences that are not satisfactorily resolved shall be reported to the president, or if the president is involved to the Chairman of the Board of Trustees.

Campus Sex Crimes Prevention Act

The federal Campus Sex Crimes Prevention act was enacted in October of 2000 and went into effect on October 2002. The law provides for the tracking of convicted sex offenders enrolled at, employed at, institutions of higher education. It also requires the institution to provide the community how to access this information

In North Carolina, the North Carolina General Assembly created North Carolinas first sex offender registration law in January of 1999. In 2008, the legislature passed three new laws including the *Jessica Lunsford Act*. These laws made many changes to including banning certain sex offenders from premises regularly used by children including schools, children's museums, child care centers, nurseries, playgrounds, etc.
