

UPWARD BOUND BULLETIN

A snapshot of what is happening in the CCCC TRiO Upward Bound Programs

SO LONG SUMMER

It seems like just yesterday we were welcoming our freshman and sophomores on campus while our juniors and seniors were logging in online to complete their six weeks of summer courses! The six weeks were filled with assignments, projects, and hard work as well as college tours and a volunteering event!

Our freshmen had English, Math, Counselor-Led Sessions and Career Exploration Workshops four days a week at the CCCC Lee Campus.

Our sophomores had English, Latin, Science, Math, SAT/ACT Prep, 6 Weeks to Success Program, and Career Exploration Workshops four days a week at the CCCC Lee Campus.

Our juniors participated in a Virtual Job Shadow Program where they watched more than 800 videos and spent 200 hours on the website as well as completing their 6 More Weeks to Success Program.

Our seniors were also virtual as they completed the Summer BRIDGE Program. They completed courses for college credit and gained tools to prepare them for their first semester in college.

We are SO proud of all of our participants' accomplishments, and we are SO grateful for each instructor who took the time to teach our students the skills they will need to be successful throughout their academic careers.

SO LONG SUMMER

Our six weeks of summer sessions have come and gone, but we have SO much to show for it!

CULTURAL ENRICHMENT TRIPS

We had a blast traveling with our participants to wrap up our summer!

TEAM TALK

In this issue meet team member – Jordan Carter!

CULTURAL ENRICHMENT TRIPS

ISSUE NO 4 | Summer - 2021 |

Seniors

Juniors

To wrap up our summer sessions each grade level had the opportunity to travel to a different city to experience new college campuses, history and science museums as well as culturally enriching activities.

Our freshmen traveled west to Asheville where they hiked over three miles to the summit of Mount Pisgah and took in the beautiful sights of the Blue Ridge Parkway!

Our sophomores headed south to Atlanta where they participated in a lunch counter sit-in simulation at the Center for Civil and Human Rights.

Our juniors went north to Washington, D.C. where they checked in as secret agents and were given missions to complete at the International Spy Museum!

For their final Upward Bound trip, our seniors took the bus to Orlando where they hopped on a shuttle to the MOON at the NASA Space Center!

TEAM TALK – JORDAN CARTER

Ms. Jordan has been with our Upward Bound Programs for two years now serving first as the Academic Coordinator and now as our Assistant Director. She graduated from Southern Lee High School and then went on to pursue a degree from the University of North Carolina at Chapel Hill. She completed UNC-Chapel Hill's MAT Program and then returned home where she taught Social Studies at Southern Lee for six years.

She really enjoys working with students outside of the classroom in her role as an Upward Bound counselor for Lee County and Southern Lee high schools.

Outside of work, she loves vacationing at the beach and spending time with her dog Tripp.
